

City opens the inspection period for its General Valuation Roll **2023**

The City will launch the new GVR 2023 Online System. The system allows property owners to register their profiles, to inspect the Valuation Roll, check their property details, upload documents and/or object against any entries that appear in the Valuation Roll.

Dear Residents,

  COJ has opened the inspection period for its General Valuation Roll 2023.
#GVR2023

Property owners in Johannesburg can view, inspect and/or object to their new property values online from 15 February to 31 March 2023 via the new GVR 2023 Online System <https://objections.joburg.org.za>

The system allows property owners to register their profiles, to inspect the Valuation Roll, check their property details, upload documents and/or object against any entries that appear in the Valuation Roll.

This period is an increase from the normal 21 days, so residents have 45 days to submit any objections.

Anybody may inspect the Valuation Roll within the inspection period and lodge an objection against any of the entries that appear in the Valuation Roll.

You can still go to a walk-in centre to view the valuation roll.
